

## CAMP UNALAYEE

### CAMPERSHIP APPLICATION

One of the founding goals of the Camp Unalayee Association is to provide a unique camping experience for children of all backgrounds. We will do our best to include your child in this program.

The Campership Fund is meant to supplement the amount which families are unable to afford. This Fund is composed of contributions from Association memberships, individuals, businesses, and foundations.

In order to make the funds available to as many children as possible, each family is asked to pay as much as they can reasonably afford.

To apply for a campership award - please complete the *camper application*, *campership application*, *summer food service eligibility form*, and a *letter from the camper/parent* as to why the camper would like to attend camp.

Please return all forms to the office as soon as possible. All information will be kept confidential. Campership funds are limited and demand exceeds availability. Applicants are reviewed on a 'first come – first served basis.'
